Welding**

UFV Regional Career Programming (RCP) Application Information

RCP training is being offered to academically capable secondary students enrolled in high schools within the University of the Fraser Valley region.

This training is for high school students who are able to complete their required core courses to meet the new graduation requirements for grade 11 and 12 in an accelerated manner and then enroll in UFV courses full time in their last school year. Students will need to meet UFV's entrance requirements for the program, including any necessary entrance exams. Applications must be received prior to November 30th for preferred seating, otherwise, applications will be handled in the same priority as all others.

UFV courses may qualify for **dual credit**, giving the additional credits needed to receive the high school completion certificate.

How to Apply

Please follow these steps:

1. Complete and submit the attached RCP Application package prior to **November 30** for preferred seating.
2. Have your teacher or counselor fill out the attached school reference form.
3. Complete the attached personal statement of interest form.
4. Attach a copy of your latest report card.
5. Attach a current copy of your resume.
6. Complete the attached UFV application for admission form along with the \$45 fee. (Refunds will be given only if the RCP application is rejected. Once accepted no refunds will be given, even if entrance requirements to the program are not met.)
7. Deliver all documents including the UFV application for admission to your career counselor or your school district representative to approve and forward to UFV. (Counselor to fax package to 604-824-7931)
8. Wait for a UFV representative to contact you regarding your entrance exams and acceptance to the program.
